Directions:-

1. Please park at the [Church Terrace car park](#) (see map above), as parking is often difficult at the hospital.
2. Follow the directions to the hospital (black arrow above).
3. You will find our entrance to the right of the Parkside (iCaSH) Clinic, not far from Wisbech Park. Enter the hospital building displaying the blue “MRC Epidemiology Unit” sign via the automated doors as shown in the photograph above.
4. Turn left down the corridor displaying the blue ‘MRC Epidemiology Unit’ sign, where a member of the testing team will greet you.

If your appointment is on a Saturday

You may find parking on the hospital site easier on a Saturday. Although the entrance door to the MRC Epidemiology Unit will be locked, please be assured that we are expecting you and staff are on site.

On arrival please call us on (01945) 488125 and we will come along to open the door. Alternatively, please press the green ‘bell’ button on either door entry panel to the left of the entrance doors to speak to a member of the Trafford Ward staff. Explain that you are here for a Fenland Study appointment at the MRC Epidemiology Unit, and they will permit you access.

Follow the directions as above. If the double door to our corridor is closed please knock on it loudly, or call the site number.
